Why Mount Branson?

- ◆ **Built-in customers** — three apartment complexes surround the property, plus a large nearby subdivision with very few food options on this side of town.
- ◆ **Elevated & visible** — trucks sit on top of signature white limestone walls, raised above the road for a striking presence from the highway.
- ◆ **Landmark location** — directly across from Crazy Craig's Sports Bar & Grill and next to the Fireworks building. Easy to find, easy to remember.
- ◆ **Park-like setting** — mature Ozark trees and evening string lights make customers want to linger. A real outdoor dining experience, not a parking lot.
